The location

Lombok has become an inspiring destination for retreats combining surf, yoga, wellness and adventure.

Known as the “Island of Peace,” it captivates visitors with its untouched landscapes, peaceful rhythm of life and deeply rooted cultural traditions.

From gentle waves for beginners to world-class breaks for experienced surfers, the island offers exceptional conditions for every level. Beyond the ocean, its wild scenery and authentic local culture invite guests to slow down, reconnect and experience Indonesia from a different perspective.

Over the past four years, we have welcomed more than 60 retreats of different styles and sizes. Each one receives dedicated, concierge-style support, guiding hosts through every stage of the planning process and throughout their stay.

From airport transfers and welcome ceremonies to venue preparation and daily coordination, our team takes care of the details. We can also help bring your program to life with surf sessions, private yoga classes, curated excursions and hands-on cultural workshops.

To complete the experience, our chef Kuncir creates memorable dining moments inspired by Lombok. His wholesome, additive-free cuisine is prepared from scratch using fresh, locally sourced ingredients.
